Harper's Bazar. ILLUSTRATED.

Harper's Bazar is at once the most brilliant and most useful Household Journal in existence. It is the acknowledged arbiter of fashion in his country. Its fashion plates are the newest and most stylish; and its pattern sheet supplements and economic suggestions are alone worth many times the cost of subscription. Its illustrations of art needle work are from the best sources. Its literary and artistic merits are of the highest order. Its stories, poems, and essays are by the first American and European authors. Its choice art pictures would fill portfolios, and its humorous cuts are the most amusing to be found in any journal in America. A host of brilliant noveltles are promised for 1884.
